*IMPORTANT: there are no transaction fees for payment by ACH. However there is a convenience fee charge for credit card payment. The fee is 2.99% of the total payment amount. It is important to be aware that this fee is not charged by Atlas. The fee is charged by our payment processor and is passed-on to the customer making the payment. Payroll reporting policies are not currently available for credit card payments. **Payroll reporting policies do not have a credit card payment option. For payroll reporting policies, there is only an ACH payment option that gets set up in GoPay at the time of policy issuance when an insured registers their policy.***
